

RUV

Technical Rider

Update 1 may 2018

- This rider assumes the most ideal situation. If there is not possible to meet these requirements, please report this beforehand in an appropriate amount of time. A suitable solution can always be found.

- RUV only plays their own backline. Only exception is when participating in band competitions; where there is a limited amount of time for the change over. Then drumkit and speaker cabinets can be shared. But please contact us so we can make an agreement on this matter.

- If you have any questions about or comments on this rider, please refer to:

Guest list

Place for 10 guests of the band. There will probably never be that much, but if we unexpectedly make friends, then we can invite them over.

Meals

We do have vegetarians in our crew. The amount of required meals depends on concert basis, so please get in touch. Otherwise assume 6 normal hot meals and 2 vegetarian hot meals. Or a buyout of €15,- per meal.

Dressingroom (lockable):

- Key of the lock on the dressingroom
- Plenty of cold water
- 24 bottles of beer
- Various kinds of Soda.
- Fresh coffee and hot water to make tea with.
- Different types of tea, preferably something with mint and or ginger.
- 1 bottle of honey
- Little bags of potato chips Paprika en Naturel.
- Different types of sandwiches or fresh bread and savory bread platter (ham, cheese etc.)
- Fresh fruit: bananas, mandarins and some of grapes, strawberries or cherries.
- 6 clean towels (provided there is a possibility to shower we would like some big bathing towels and not those little washcloths)
- Plain paper (at least 10 pieces) and a thick permanent marker.
- Internet acces with the WIFI code easy to find
- An action figure or a statue of David Hasselhoff. Preferably the statue.
