

Technische Rider

Update 28 Februari 2023

- This rider assumes the most ideal situation. If the resources are not available to meet these requirements, please let us know in good time. A suitable solution can always be found if indicated in time.
- Jimmy Diamond only plays over their own backline and doesn't share it. Jimmy Diamond plays both as a 3-piece or a 4-piece. The variety in which JD plays will be communicated in the advancing stage. In this rider the different technical situations are marked with an asterisk (*)
- If you have any questions or comments about this rider or the hospitality rider, please contact;

Jimmy Diamond

Jim Zwinselman: Guitar/Lead

Floris Poessé: Bass/Backing

Ruud Gielen: Drums

Henk Hulzebosch: Keys

STAGE

Stable drum riser of at least 2x2 meters.

Stable riser for Keys of at least 2x2 meters

At least 5 (7* when there are keys) power connections on stage: 2x on the podium front edge, 2x at the back of the backline and 1x stage left.

8 bottles of water on room temp. on stage (or present backstage).

SET UP/ SOUNDCHECK/ CHANGEVER

To ensure that the soundcheck time can be used optimally, the band needs a set-up time of at least 30 minutes. The soundcheck time overall

FOH

We bring our own mixing table with a digital stage box and LK infrastructure.

- Elevation (table or flight case) for the mixing desk at FOH.
- 230V power connection at FOH (minimum 3).
- House engineer with knowledge of the PA system, approachable at all times.
- We like to use stands, XLRs and backline voltage from the venue.
- 2x CAT5-E connection between stage and FOH for mixing desk

MONITORS

We bring our own in-ear monitoring system, including transmitters/receivers (guitar/bass wireless). We would like a wedge for the drums (preferably 2x, Texas headphone-style). These all are controlled from our own mixing desk.

LIGHTS

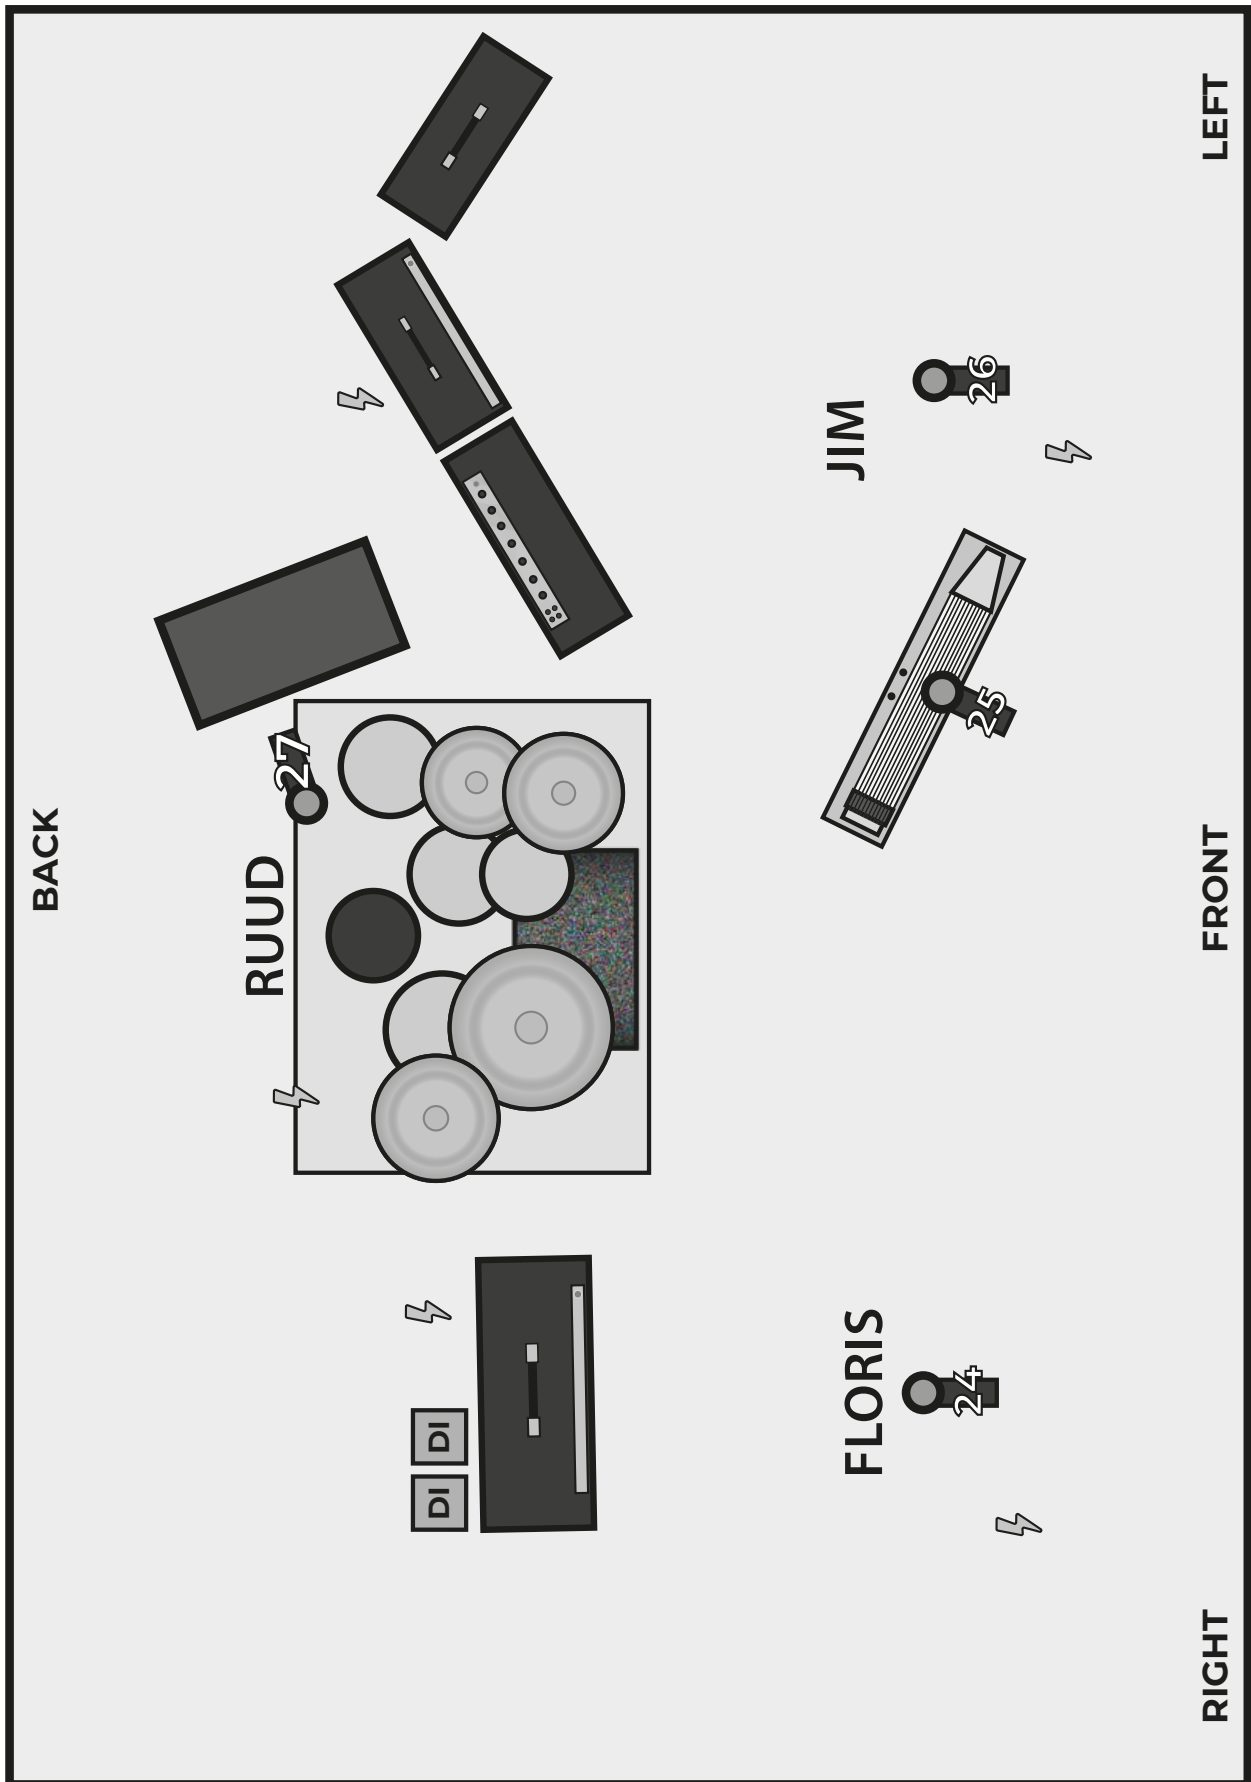

We bring:

- 1 Backdrop.
- 1 JD backdrop logo with RGB LED strips that we mount with the backdrop pull or truss.
- 2 half mirror balls with motor, one on each side of the stage.

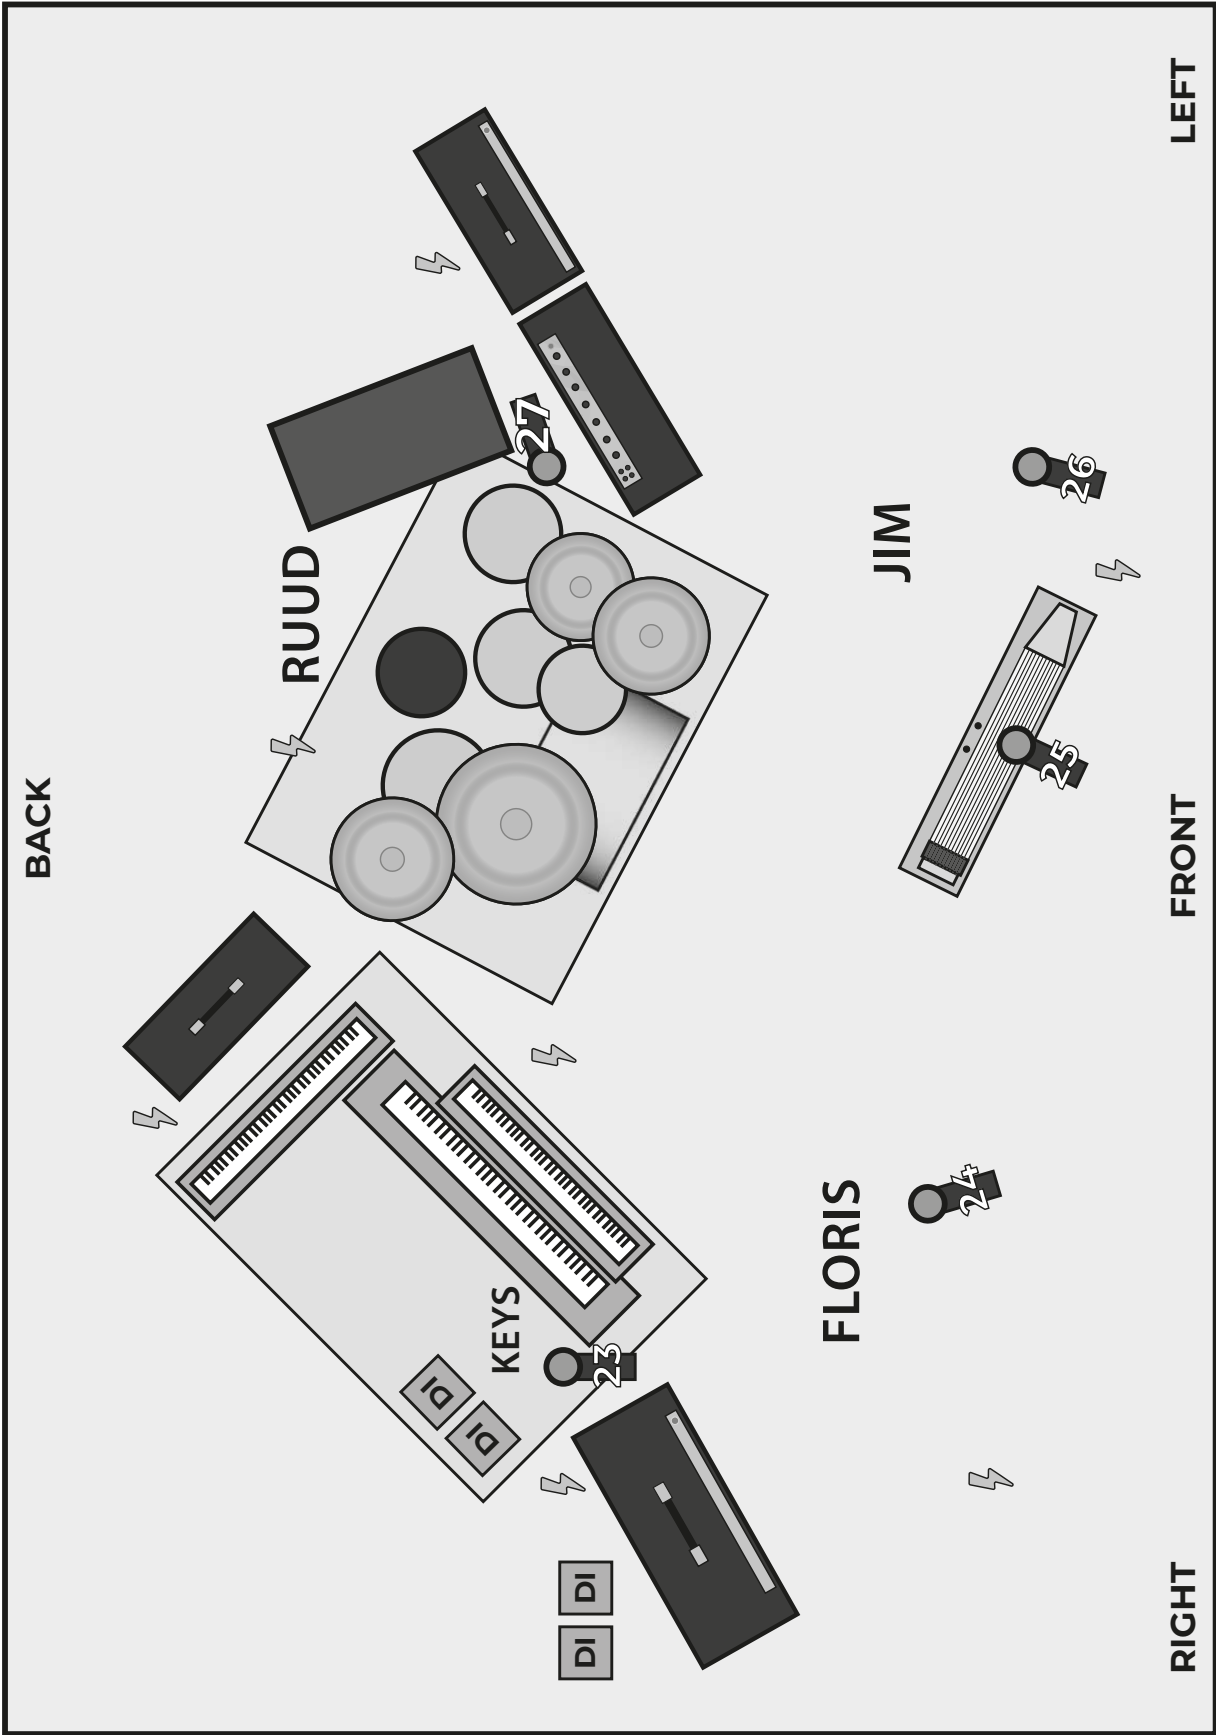

We need:

- 1 Backdrop truss with electric or manual hoists.
- 1 free DMX line on stage (may come from a node)
- 1 230V power connection for the mirror balls and the logo.
- 2 LED lamps or MH of the house can be used as side light.
- The in-house lighttable with the patch J

27					

*voor als we keys meenemen (situatie 4-piece)

Hospitality Rider

- 24x Bottles/cans of decent beer
- 12x Bottles/cans of decent 0.0% beer
- Plenty of regular bottled water, also for onstage; 6 bottles of water on room temp.
- 6x bottles sparkling water
- 4x cans of Red bull for the driver would be duly appreciated

!For the love of all that's holy please NO PEANUTS or NUTS whatsoever!
Otherwise one of us could get in a frenzied state of brutal anaphylactic shock and possibly die. This would very much be considered uncool

- On the other hand Chips/ Crisps are absolutely okay, just make sure no nuts, thank you in advance, totally
- Fresh coffee is always awesome
- Healthy snacks (cherry tomatoes, those cute little cucumbers and what have you) and fruit are preferred
- 6 clean towels, not new ones, because they are annoying and don't soak up fluids
- Ginger, Lime, Mint and some Honey, plus a water cooker, that would be amazing.

Lunch/ Diner

- When the get-in is before 3pm, we would like to eat a healthy lunch (band + crew).
-
- When get-in is before 8pm, we would like to eat a healthy, warm, meal (band + crew).
- When get-in is after 8pm, we would like to have some sandwiches/protein bars/ fruit for on the way (band + crew).

Best is to provide a full vegetarian meal

(total of 5 persons, unless differently communicated).

Vegetarian means no meat; so no living creature has died for our own nutritional purposes. Or a buyout of €15,- per member in our travelparty

A secure and free parking spot for our Ford Transit touring van and Volkswagen Caddy Tactical van. Any parking costs on show day will be passed on to the venue/organization

Jimmy Diamond also would like a guestlist of 10 pax.

A picture of Lenny Kravitz' legendary 2015 Stockholm show (for motivational purposes) would be duly appreciated
